INTRODUCTION

The Independent Miniature Horse Registry was founded in 2005 dedicated to promoting and protecting the qualities that make the Miniature Horse a unique individual within the equine world.

This handbook is designed to ensure competitors and judges are given clear and concise rules regarding participating in, officiating and the conduct of events at IMHR Feature Shows.

These rules apply to all IMHR shows and events - compliance with these rules is a condition of entry.

Judges and those officiating at IMHR shows should be provided with a copy of this handbook.

BREED STANDARD OF EXCELLENCE—HORSE

General Impression

The general impression should be one of agility, athletic ability, intelligence, refinement and symmetry. A small, structurally sound, well balanced horse possessing the conformation characteristics permitting it to be an equine athlete. The Miniature Horse possesses the same desirable characteristic qualities and traits found in most breeds of horses.

The Miniature Horse conveys the impression of a smaller version of a full sized horse, not a pony.

A Miniature Horse mare should exhibit traits of refinement and femininity, while the stallion must reflect boldness and masculinity with an impeccable temperament.

A Miniature Horse must be able to move with proper gaits demonstrating athletic ability whether it be at the walk or trot in-hand and driving or the canter in liberty or negotiating fences while jumping.

Since the breed objective is to identify and reward the smallest possible perfect horse, preference in judging shall be given to the smallest horse for its age when other characteristics are approximately equal.

Size

Within the IMHR Studbook there shall be Miniature Horse, Small Horse and Little Horse categories:

Miniature Horse

- Weanlings must not exceed 30.5"
- Yearlings must not exceed 32.5"
- Two Year Old must not exceed 33.5"
- Mature horses must not exceed 34.5"

Small Horse

- Weanlings must not exceed 34.5"
- Yearlings must not exceed 36.5"
- Two Year Olds must not exceed 37.5"
- Mature horses must not exceed 38.5"

Little Horse

- Weanlings must not exceed 38.5"
- Yearlings must not exceed 40.5"
- Two Year Olds must not exceed 41.5"
- Mature horses must not exceed 42.5"

Head

In proportion to length of neck and body, broad forehead with large expressive eyes set well part, comparatively short distance between eyes and muzzle, profile straight or slightly concave below eyes, large nostrils, and clean refined muzzle.

Consideration of age is an important factor in evaluating the head as younger horses with developing teeth 'bumps' will give the impression of a less than desirable head during their maturation process.

Teeth

An even bite is necessary with no more than 3mm deviation. Overshot or parrot mouth a disqualification. Teeth must be examined on all mares and stallions before final selection and placings.

BREED STANDARD OF EXCELLENCE—HORSE (Cont..)

Ears

Medium sized, pointed and alert, tips curving slightly inwards.

Throat-Latch

Clean and well defined allowing ample flexion at the poll.

Neck

Flexible and of a length in proportion to body blending smoothly into withers. The neck should be set high, coming up and out away from the shoulder, permitting a shift of weight to the hindquarters for more impulsion.

Shoulder

Long, sloping and well angulated allowing a free swinging stride and alert head/neck carriage, well muscled forearm.

Body

Well muscled and proportioned with ample bone and substance, without being heavy, possessing a strong short back and loins, proportion in length to the underline. The top-line from wither to tail head must be level, with slight rounding of the croup and a high set tail. The girth and barrel must be let-down and oval, providing capacity and balance similarly found in the large horse. The length of body must be in proportion to the length of leg forming a balanced appearance.

Hindquarters

Long, well muscled hip, thigh and gaskin, highest point of croup to be same height as withers, tail set neither excessively high nor low but smoothly rounding off the croup and hip.

Legs

Long and slender in proportion to the rest of the body, set straight and parallel when viewed from front and back, straight true and squarely set when viewed from the side with

hooves pointing directly ahead, pasterns sloping approximately 45 degrees and blending smoothly with no change of angle from hooves to the ground. Hooves to be round and compact, trimmed suitable but not excessively for an unshod horse. Joints must be refined and well defined.

Gait

Smooth and fluid gait in motion, naturally free moving. The walk must display a regular four beat cadence with sufficient length of stride with the size of the horse. The trot must be a regular two beat diagonal gait, demonstrating a lift of the knees and hocks with sufficient impulsion but not necessarily extreme action.

Colour

Any colour or marking pattern is acceptable, any eye colour is allowed, the coat should be lustrous and silky. Natural hair coat or a clipped body is permitted.

Temperament

Good manners and temperament is of the utmost importance – curious, alert, intelligent and friendly, poor or vicious temperament is considered a fault.

BREED STANDARD OF EXCELLENCE—PONY

The Miniature Pony is a small well proportioned pony; possessing good temperament, free of hereditary unsoundness, exhibiting no vices, showing refinement and femininity in mares and boldness and masculinity in stallions. The pony should be robust enough to carry a small child or pull an adult in a small vehicle. The pony should also possess the characteristics recognised of a typical pony in miniature. In judging all factors being equal, preference could be given to the smaller size.

Ears

Small to medium in size.

Head

Comparatively small, head well in proportion to the rest of the body; profile straight or slightly concave (dished) below eyes; comparatively small muzzle, round expressive eyes set well apart, comparatively short distance between eye and muzzle.

Teeth

Should meet evenly, no more than 3mm variation acceptable.

Neck

Lightly crested on mares and moderately crested on stallions. The length of the neck will be proportional to the body.

Body

Should have well sprung ribs, a generous girth, a slight natural curve in the back and a strong well rounded rump; the whole body shall present a picture of balance and shall be in proportion for the height. The body should not be coarse or overlong.

Legs

Are straight, true and squarely set, straight sound flat bone, strong forearm, short cannon bone, strong sloping pasterns.

Action

Should be smooth showing free flexion of the joints without exaggeration.

Colours

All colours are acceptable.

Size

The pony must stand naturally with head held in a natural position and all four hoofs standing squarely on the ground (not stretched) .

Miniature Pony

- Weanlings must not exceed 30.5"
- Yearlings must not exceed 32.5"
- Two Year Old must not exceed 33.5"
- Mature horses must not exceed 34.5"

Small Pony

- Weanlings must not exceed 34.5"
- Yearlings must not exceed 36.5"
- Two Year Olds must not exceed 37.5"
- Mature horses must not exceed 38.5"

SHOW RULES

1. Presentation for Showing

These rules apply equally to all exhibits at IMHR events and shows.

1.1. The permissible methods of presentation for showing are:

- (a) in natural condition; or
- (b) clipped with the new coat established; or (c) freshly clipped.

In all cases the horse or pony must be neat, healthy and well presented.

1.2. Mane and tail are to be shown free flowing in halter and in-hand events. The mane and tail may be trimmed and thinned to improve the appearance. No artificial application of hair is permitted.

1.3. Hooves are to be unshod in halter and in-hand events.

1.4. Plaiting, braiding and suitable decorative trim is permissible in performance events (i.e. hunter/jumper).

1.5. General preparation and presentation shall be at the discretion of the owner but the Association states that the horse or pony must be shown to its best possible visual and health advantage in order to promote the miniature horse or pony as one of beauty, intelligence and gentleness.

1.6. Circus type presentation including the handler using excessive movements and actions is not relevant for any event other than costume classes.

1.7. Eyelashes may not be removed.

2. Eligibility For Showing

2.1. Generally, IMHR Feature Shows are open to horses and ponies holding

current registrations with a recognised society, however, IMHR exclusive events may take place and other conditions for that event may be set at the Show Committees discretion.

2.2. All entries must be made by the owner/lessee of the horses or ponies. The owner/lessee entering the horse must be a financial member of the organisation with which the exhibit is registered and proof of such is to be supplied with entries.

2.3. Any exhibitor or handler intending to enter the show ring must be a member of IMHR. Any handler entering the ring who does not comply with this condition will be escorted from the ring and the horse or pony shall be disqualified from all further classes at that event. If that horse or pony has already competed, any awards or placings may be revoked if it is found that the handler for those classes also did not comply with this condition. It is the owner/lessee entering the horse or pony's responsibility to ensure all handlers are financial members of IMHR. Disciplinary action by the National Committee against the owner/lessee of the exhibit(s) shall also be taken after the event.

2.4. Classes or events exclusively for IMHR Inc. registered horses and ponies shall only be open to horses and ponies holding current IMHR registrations and shown by financial members of IMHR Inc.

2.5. To enter an IMHR show, the owner/lessee must use the complete name and registration number of the horse or pony as it is shown on the registration

SHOW RULES

certificate. Failure to provide complete information at time of entry shall result in a re-processing fee set by the Show Committee and stated in the entry conditions for the event. All fees must be paid in full before the horse or pony may compete at that event.

2.6. No substitutions or changes are acceptable unless explicitly permitted by the Show Committee for that event. Horses shown under false identity will be automatically and immediately disqualified by the show management. In addition, further disciplinary action by the National Committee shall be taken.

2.7. To enter an IMHR show, a legible copy of both sides of the registration certificate must be supplied for horses and ponies not registered with IMHR. A colour photocopy is required for all non-micro-chipped horses and ponies for identification purposes.

2.8. Horses under the age of 12 months may be shown registration pending providing the owner holds a standard letter from the Secretary of the registering association stating that registration has been received and all is in order. This letter is not required for horses pending IMHR registration provided the application for registration has been received by the IMHR office. Letter must be included with show entries and received by entry closing date or entries may be rejected.

2.9. At shows conducted by IMHR Inc. or other shows run under IMHR Inc. rules, a miniature horse should not directly

compete against small horses, little horses or miniature and small ponies for any prize or award in either halter or performance without the prior consent of the Committee which they are not bound to give. Miniature horses may compete against small horses, little horses or miniature and small ponies only in classes where there is no obvious height advantage to one category over the other in competition.

2.10. At the Show Committees discretion, IMHR may hold classes for other recognised equine breeds. This includes but is not limited to English and American Shetlands, Donkeys, Welsh Ponies and other pony breeds. Where the event has classes exclusively for these recognised studbook breeds, the Committee may limit the participation of these breeds in the open Miniature Horse, Small Horse and Little Horse classes.

2.11. For the purposes of these show rules, a Youth is defined as being aged 17 years (actual) and under at the date of the show.

2.12. Horses and ponies that hold registrations in the studbook of IMHR must be current. Horses or ponies that are overdue for IMHR upgrade or have not been transferred to the new owner with IMHR are not eligible to be shown until registration is brought up to date even if horse or pony holds current registration with another society.

2.13. The only exception to rule 2.12 is where the horse or pony is owned by a

SHOW RULES

non-financial member. In this case, the horse's status in the IMHR studbook shall be changed to 'Sold To Non-Member'.

2.14. Miniature/Small or Little Horses holding dual Miniature Pony registration with other societies may not show as a Miniature Pony at the same show. Similarly Miniature Ponies may not show as Miniature/Small or Little Horses if shown as a Miniature Pony at the same show.

2.15 To be eligible to show as a broodmare, the mare must be in foal, have a foal at foot or have foaled in the last season. Proof must be produced on request. Mares may be entered in either the open mare or broodmare class – not both.

3. Height Verification

3.1. Height requirements for showing are as per the Breed Standard of Excellence.

3.2. Unless otherwise specified, all horses and ponies competing at IMHR Inc feature shows shall be measured by an IMHR Committee member or a person appointed by the IMHR Committee for that purpose.

3.3. The show age and measuring of the horse or pony is determined by its age at 1st August.

3.4. Horses presenting at the measuring bay at National or State Shows may be eligible to apply for a Senior Horse Height Card.

3.5. Cards can be issued for horses that

are 3 years, 4 years or 5+ years old (actual age). This card is valid for all IMHR feature shows for 12 months for 3 and 4 year olds and permanently for 5+ year old horses. Permanent Height Cards can be issued at 5+ years old (actual age).
