

National Hi Points

The IMHR National Hi Point Awards are designed to reward and encourage exhibitors to participate in many events to promote our breed and showcase our horses to a wider community. Horses or ponies are nominated in three different categories:

Halter

Performance

Driving

Nomination is done via the IMHR Online Shop and is a once-off fee that lasts a lifetime and is transferred with the horse or pony when sold or leased. It is also transferrable between Miniature Horse and Miniature Pony (and vice versa) if re-categorised. You will receive a Hi Point Book to record your results once your application has been processed. You may order additional copies once your book is full.

If you have reached one or more qualifying levels, you must return your book(s) to the Hi Point Co-Ordinator (details on the book) **1 month prior to the National Show** to allow time to order trophies. Hi Point Awards are given out during the National Show and usually at the Saturday night dinner function.

There is no time limit to earn your points and you are not in competition with anyone else. You will be rewarded when your horse or pony reaches the qualifying levels.

Points are calculated as per below:
